PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 8 (April): General Medicine at URM. Susan Kang, Natalie Kremer, Tracy Mendon.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 9 (May): General Medicine at URM. Kat Kossykh-Burrows, Laura Ann Murray, Kerrie Lynn Peterson, Jiam Patnawon Thung.

Fall 2006

PHM 620 C: Applied Pharmacotherapy I (Clinical) – Introductory Clerkship. Module 2 (August – October): General Medicine at URM. Robert Angelo, JC Koo, Katrina Kossykhburows.

PHM 620 C: Applied Pharmacotherapy I (Clinical) – Introductory Clerkship. Module 4 (October - December): General Medicine at URM. Nicole Dean, Michael Johnson, Natalie Kremer, Bonnie Yu.

Spring 2006

PHM 621: Acute/Long Term Care Clerkship 2 – Intermediate. Module 5 (January): General Medicine at URM. Mussie Tesfaslassie.

PHM 641: Elective/Clinical Clerkship - Pharmacoinformatics (January): Joel Beggert.

PHM 621: Acute/Long Term Care Clerkship 2 – Intermediate. Module 6 (February): General Medicine at URM. Andrew Brown.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 7 (March): General Medicine at URM. Elizabeth Hudzinski.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 9 (May): General Medicine at URM. Amanda Caruso, Alan Frydrychowski, Sarah Mecca

Fall 2005

PHM 620 C: Applied Pharmacotherapy I (Clinical) – Introductory Clerkship. Module 2 (August – October): General Medicine at URM. Jeffery Meeker, Kristin Veley, Stephanie Neidrich, Marc Luxenburg.

PHM 620 C: Applied Pharmacotherapy I (Clinical) – Introductory Clerkship. Module 4 (October - December): General Medicine at URM. Joel Bergert, Kristina Palano, Tracy Goodwin, Noel Forrett.

Spring 2005

PHM 621: Acute/Long Term Care Clerkship 2 – Intermediate. Module 5 (January): General Medicine at University of Rochester Medical Center (URM). Jennifer Campanella and So Sum Chack.

PHM 621: Acute/Long Term Care Clerkship 2 – Intermediate. Module 6 (February): General Medicine at URM. Lori Guerreschi and Tze Leung Liu.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 7 (March): General Medicine at URM. Christian McKale.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 9 (May): General Medicine at URM. Kelly Belcher and Bo Lin.

Fall 2004

PHM 620 C: Acute/Long Term Care Clerkship 1 – Introductory. Module 2 (August – October): General Medicine at URM. Yuen Sze Au, Inna Gritsay, Rae Ann Szuromi, and Ngan Hoang Truong.

PHM 620 C: Acute/Long Term Care Clerkship 1 – Introductory. Module 4 (October - December): General Medicine at URM. Katie Morgan, Bryan Piper, Yelizveta Russ, and Leigh Ann Simpson.

Spring 2004

PHM 641: Pharmacoinformatics Clinical Elective (January), Jeffrey Dearman.

PHM 621: Acute/Long Term Care Clerkship 2 – Intermediate. Module 6 (February): General Medicine at URM. Carol Hilburger and Beixia Ho.

PHM 621: Acute/Long Term Care Clerkship 3 – Intermediate. Module 7 (March): General Medicine at URM. Kan Chotinanda and Nga Thi Bich Nguyen.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 8 (April): General Medicine at URM. Shum Mui Au and Sara Bingel.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 9 (May):
General Medicine at URM. Tanya Coombs and Lydia Lin.

Fall 2003

PHM 620 C: Acute/Long Term Care Clerkship 1 – Introductory. Module 2
(August – October): General Medicine at URM. Tae Ciardi and Natalie
Dietrich.

PHM 620 C: Acute/Long Term Care Clerkship 1 – Introductory. Module 4
(October - December): General Medicine at URM. Jeffrey Dearman and Amy
Fuller.

Spring 2003

PHM 621: Acute/Long Term Care Clerkship 2 – Intermediate. Module 6
(February): General Medicine at URM. Julie Drake.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 7 (March):
General Medicine at URM. Lucas Scott Stahl.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 8 (April):
General Medicine at URM. Kelly Lynn Distaffen.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 9 (May):
General Medicine at URM. Sara Elaine Shaben and Wai Har Yau.

Fall 2002

PHM 620 C: Acute/Long Term Care Clerkship 1 – Introductory. Module 2
(August – October): General Medicine at URM. Linda Annobil and Amy Chen.

PHM 620 C: Acute/Long Term Care Clerkship 1 – Introductory. Module 4
(October - December): General Medicine at URM. Chad Deuvall and Miyoung
Cheong.

Spring 2002

PHM 641: Pharmacoinformatics Clinical Elective (January), Peter Brody.

PHM 621: Acute/Long Term Care Clerkship 2 – Intermediate. Module 5
(January): General Medicine at URM. Trina Durant.

PHM 621: Acute/Long Term Care Clerkship 2 – Intermediate. Module 6
(February): General Medicine at URM. Lauren Miller.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 7 (March):
General Medicine at URM. Yi Guo.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 8 (April):
General Medicine at URM. Mary Kwok.

PHM 622: Acute/Long Term Care Clerkship 3 – Advanced. Module 9 (May):
General Medicine at URM. Amber Davis and Rahmon Adeola.

Fall 2001

PHM 620 C: Acute/Long Term Care Clerkship 1 – Introductory. Module 2 (August – October): General Medicine at URM. Sarah Coutu, Shiferaw Kibriye, Olivia Ng, Olanrewaju Obisesan, Tuyen Tran, and Lai Kuen Wong.

PHM 620 C: Acute/Long Term Care Clerkship 1 – Introductory. Module 4 (October - December): General Medicine at URM. Ching-Wen Ouang, Oichee Lui, Tulasi Malla, Joseph Miles, Mai Yee Ung, and Leanne Wellington.

Pharm.D. Student Advisor at the University at Buffalo

Colleen Clark, Shital Desai, Keith Rowe, and Anthony Zuppelli. Class of 2009 student advisor (Fall 2005 – Spring 2009)

Research Supervision

Residents

Melanie Cummings, Pharm.D., General Pharmacy Resident at URM. Research advisor which includes her participation in a lopinavir/ritonavir CSF pharmacokinetic study at the General Clinical Research Center. 2005 – 2006.

Darlene Biddle, Pharm.D., General Pharmacy Resident at URM. Research advisor including her participation in the Monte Carlo Simulation of different gentamicin dosing regimens in neonates. 2004 – 2005.

Lisa Predko, Pharm.D., Specialty and General Pharmacy Resident at URM. Research advisor which included her participation in laboratory support in the General Clinical Research Center for the saquinavir/querctin plasma and intracellular pharmacokinetic study. 2002 – 2004.

Judiane Slish, Pharm.D., Specialty Pharmacy Resident at URM. Research advisor which included her participation in the population pharmacokinetic modeling of gentamicin in neonates. 2000-2001.

Sukirti, S, Pharm.D. General Pharmacy Resident at URM. Research advisor for an assessment of the administration time of the first dose of antibiotic and its outcome on length of stay in hospitalized patients with community acquired pneumonia. 200-2001.

Fellows

Erick Thigvol, M.D., Pediatric Infectious Disease Fellowship, Department of Pediatrics, URM. Research advisor for every 48 hour gentamicin dosing in premature neonates and Scientific Overview Committee. June 2004 – June 2007.

Amy Chen, Pharm.D., UB/Novartis Industry Fellow at URM. Research Advisory and Primary Preceptor at URM in which responsibilities included guidance for selecting didactic training in statistics, pharmacometric analyses of data, protocol design, abstract submission and poster presentation, and participation in the study of a double boosted PI regimen in the General Clinical Research Center. January 2004 – December 2006.

Grants

Completed Grants

1. Use of Pharmacy Practice Faculty and Student Pharmacists to Screen, Educate and Provide Pneumococcal Vaccine to Elderly Patients in Vermont (10% Effort). Sponsored by Pfizer, Inc. Principal Investigator (\$294,776.00), April 2013 – May 2015. I am responsible for leading protocol development, implementation, analysis and publication in collaboration with co-investigators.
2. An Open-Label, Non-Randomized Study of Pharmacokinetic Interactions Between Depo-Medroxyprogesterone Acetate (DMPA) and of the Effects of DMPA on Cell-mediated Immunity and Regulation in HIV-Infected Women (A5283). A Multicenter Trial of the AIDS Clinical Trials Group. Sponsored by National Institute of Allergy and Infectious Diseases. Co-Investigator, October, 2009 - 2016. As protocol pharmacologist on protocol leadership team responsibilities include protocol development, study progress review, data analysis and publication.
3. Gamma-hydroxybutyrate: Toxicokinetics, Toxicodynamics and Treatment Strategies (25% Effort Year 2). Sponsored by National Institute on Drug Abuse (R01DA023223). Co-Investigator (\$1,454,156), April 1, 2008 – March 31, 2012. As PI at URMCI will be responsible for the clinical study during year 2 (4/1/09 -3/31/2010) which includes protocol design, IRB approval, and overseeing the execution of the studies. Along with the PI of grant, I will analyze data, present results at scientific meetings and publish results including the PK and statistical analysis.
4. Comparing Raltegravir Genital Tract Distribution in HIV-infected Men and Women. Sponsored by Investigator-Initiated Studies Program at Merck (IISP # 33113). Principal Investigator (\$21,176). February 2007 – March 1, 2012.
5. A phase II randomized controlled trial evaluating the impact of therapeutic drug monitoring (TDM) on virologic response to salvage regimen in subjects with a normalized inhibitor quotient (NIQ) ≤ 1 to one or more protease inhibitor (ACTG 5146). A Multicenter Trial of the AIDS Clinical Trials Group. Sponsored by National Institute of Allergy and Infectious Diseases. Co-Investigator. December 2004 – December 2009. As protocol pharmacologist on protocol leadership team responsibilities include protocol development, study progress review, data analysis and publication.
6. Targeted neuroprotection for HIV1 associated neurologic disease (2.5% Effort). Sponsored by the NIMH (P01 MH64570). Co-Investigator (\$ 1,268,004), July 1, 2001 – February 28, 2010. Primary aims include running a series of Phase I drug interaction studies between candidate neuroprotective agents and antiretroviral drugs. Responsible for the design, implementation, analyses, and publication of the Phase I Trials Unit for Cognitive Impairment in HIV.

7. Pharmacokinetics of Lopinavir in Plasma and CSF of HIV-Infected Adults. Sponsored by Abbott Laboratories Investigator-Initiated Research Award. Principal Investigator (\$35,128.13), July 2005 – June 2008. As PI my activities include protocol design, IRB and GCRC approval, and implementation; pharmacometric analyses; and manuscript submission.
8. Plasma and genital tract pharmacokinetics and NIQ of indinavir and lopinavir given as a double boosted PI regimen in HIV-1 infected men and women. Merck Medical School Grant (10% Effort). Merck Laboratories Inc. Principal Investigator (\$72,019.89), May 2003 – April 2007. As PI my activities include protocol design, IRB and GCRC approval, pharmacometric analyses, and manuscript submission.
9. AACTG Pharmacology Support Laboratory (0.55 calendar months effort). Sponsored by National Institutes of Allergy and Infectious Diseases (AI-U01-68636). Co-investigator (\$2,369,157.00), June 26, 2006 – May 31, 2013. Activities include data analyses, protocol development, and publication of AACTG trials.
10. UB-University of Zimbabwe AIDS International Training and Research Program Grant (AITRP). Sponsored by NIH/FIC (D43 TW00003). Sub contact from University of California at Berkley. Co-Investigator, September 2005 – August 2007. Seeks to promote HIV pharmacology intellectual and technology transfer to developing countries and includes funding that supports pre and post-doctoral research training.
11. Optimizing Adjuvant Chemotherapy in obese and overweight women. 2005 American College of Clinical Pharmacy Hematology/Oncology Investigator Development Research Award. Sponsored by the ACCP Research Institute. Principal Investigator (\$17,500), June 2005 – May 2006. As PI my activities include protocol design and implementation; coordination of analyses performed at the Pharmacology Support Laboratory at UB; pharmacometric analyses, and publication.
12. Optimal Breast Cancer Adjuvant Chemotherapy Dosing in Obese and Overweight Women. NYSCHP-Amgen Oncology Leadership Research Award. Sponsored by the NYSCHP Research and Education Foundation. Principal Investigator (\$6,000), April 2004-April 2005. As PI my activities include developing the structural PK/PD model for doxorubicin and cyclophosphamide and their metabolites in women receiving adjuvant chemotherapy for breast cancer.
13. Coenzyme Q₁₀ (Ubiquinone) Bioequivalence Study. Huntington Study Group at the University of Rochester. Co-Investigator, (\$213,216) January 2003 – December 31, 2005. A single dose study testing the bioequivalence of four different formulations in a randomized fashion. Acting as the protocol pharmacologist my activities include study design, data analysis, and contribution to publications.

14. AACTG Pharmacology Support Laboratory (10% effort). Sponsored by National Institutes of Allergy and Infectious Diseases, Social & Scientific Systems, Inc. (UO1-AI38858). Co-investigator (\$499,661), January 1, 2005 – December 31, 2005. Activities include data analyses, protocol development, and publication of AACTG trials.
15. AACTG Pharmacology Support Laboratory (10% effort) sponsored by National Institutes of Allergy and Infectious Diseases, Social & Scientific Systems, Inc. (UO1 A127658-16). Co-investigator (\$313,677), January 1, 2003 – December 31, 2003. Activities include data analyses, protocol development, and publication of AACTG trials.

Pending Grant

Submitted Grants

1. Interdisciplinary Patient-Centered Strategies for the Advancement of Pain Education (5% Effort Years 1-3). Sponsored by National Institute of Health Pain Consortium: Centers of Excellence in Pain Education. Sub-award Principal Investigator (\$275,000), April 30, 2012 – August 31, 2014. Albany Medical Center and ACPHS will collaborate to develop a Center of Excellence in Pain Education that will create and teach a curriculum for medical, pharmacy, nursing, physician assistant and nurse practitioner students featuring experiential learning via the development of 7 patient simulations available through interactive web-based links. As Principal Investigator at ACPHS, responsibilities will include coordinating efforts of ACPHS faculty; developing educational material; and coordinating participation in Pain Education Collaborative with Harvard Medical School and Johns Hopkins University. Not Funded.
2. Club Drug PK/PD Interactions: Toxicity and Treatment Strategies. (17% Effort (2.04 CME) Year 2 and 3 of 5 Year Grant). Sponsored by National Institute on Drug Abuse (RO1: PAR-10-067). Co-Investigator (\$102,000), April 1, 2012 – March 31, 2017. As PI at URMC I will be responsible for the clinical study during year 2 and 3 which includes protocol design, IRB approval, and overseeing the execution of the studies. Along with the PI of grant, I will analyze data, present results at scientific meetings and publish results including the PK and statistical analysis. Not Funded
3. Predicting Protease Inhibitor Concentrations in the Central Nervous System (20% effort). Sponsored by National Institutes of Health (AN: 2993242). Principal Investigator (\$275,000). Submitted May 7, 2007. Not funded.
