10. Frequently Asked Questions

I'm unable to log in to the Residence Life Portal.

You should first make sure that you have completed your technology accounts credentialing, and set up your two-step authentication. You would have received emails explaining your login credentials and links to take these steps back in the first week of May. If you are having issues with technology account credentialing, contact help.desk@mcphs.edu.

If you have already completed your credentialing and set up your two-step authentication, make sure you are using that email and password to enter into the RL Portal.

I have gotten to the Residence Life Portal and the page is not loading.

If you seem to get stuck on a loading screen, you may need to simply refresh the page while its loading. Another solution is to switch to a different browser or Wi-Fi connection. The site works best on a desktop or laptop. The page is large and may need a strong internet connection and a little nudge to load.

Students Logging in outside the US- an additional solution may be to use a VPN in case the site is unable to load at your location.

*It is important to use the link we've provided in this document and in your email: <http://studenthousing.mcphs.edu/>

I am an international student and do not have a US phone number.

That is not a problem! You may enter your international phone number using the format: **+Country Code- Area Code- Phone Number** and select "Other" under Mobile Carrier. Please know that you will not be able to receive text messages on an international phone number so when you get settled in the US we advise that you update your mobile number in the Portal.

Your Emergency Contact may also include an international phone number, if needed a phone call will be made to that number.

I am Under 18, does a Parent/Guardian need to sign the Housing Contract?

Yes! If you are under 18 at the time you are signing your contract the individual listed as the **Parent/Guardian** contact in the Portal will receive an email to also sign the Housing Contract. ***Your Contract will not be complete without parental signature if you are under 18.***

I am not able to pick roommates.

The most likely reason that your Roommate Search function is not turned on is that you have not completed the Housing Contract/Questionnaire. Please remember, if you are under 18 that a Parent/Guardian must sign the contract in order to be considered complete.

I am not able to find the roommate that I have decided to live with.

There are a couple of reasons why you may not be able to find the person you're looking to live with:

- Make sure everyone has submitted housing deposits and is planning to live on campus
- Your roommate(s) have not fully completed their Housing Contract and Questionnaire. You will only be able to search for a person who has also completed the Contract and Questionnaire
- Make sure you are spelling the name correctly and using your roommates legal name and not a nickname
- Roommates can be selected through the system if all members of the roommate pairing identify as the same Gender. Please reach out directly to the Office of Residence Life residencelife@mcphs.edu and we can assist you with your roommate matching.
