¹Bachelor’s degree is required for Acupuncture license in this state.

²Additional coursework is required for the Master of Acupuncture-only program in this state.

³Mandates additional conditions for licensure independent of the MCPHS University Pharmacy program.

⁴The Worcester Occupational Therapy program has been granted Candidacy Status by the Accreditation Council for Occupational Therapy Education (“ACOTE”), and is permitted to admit students into the program at the MCPHS University-Worcester campus beginning September 2021. The program will now move into the process of receiving full accreditation through ACOTE for the Worcester campus. The program must receive full accreditation for students to be eligible to sit for the National Certification Board of Occupational Therapy examination and receive initial certification to practice as a registered occupational therapist.
