Final examinations are scheduled by the Office of the Registrar several weeks before the end of the semester. Final examinations must be given only during final exam week. The final exam schedule includes make-up times for examinations canceled due to inclement weather or other unforeseen circumstances (e.g., power outages, fire alarms). Students and faculty are expected to take these dates into account when planning any travel (i.e., they should not purchase nonrefundable tickets to leave before the make-up date).
