“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance…”

—Title IX of the Educational Amendments of 1972 to the 1964 Civil Rights Act
Massachusetts College of Pharmacy and Health Sciences (MCPHS) is committed to providing a safe and positive living, learning, and working environment. The University has a responsibility to ensure that all students, staff, faculty, and visitors can enjoy the benefits and opportunities the University has to offer in an environment free from discrimination on the basis of sex, including sexual assault and sexual harassment.

POLICIES AND PROCEDURES

Title IX of the Education Amendments of 1972 prohibits sex discrimination (including sexual orientation, gender identity, and pregnancy) in education programs or activities receiving federal financial assistance – Sex discrimination is defined as prohibited conduct “on the basis of sex” that satisfies one of the following:

• Quid pro quo – conditioning aid, benefit, or service on an individual’s participation in unwelcome sexual conduct;

• Hostile Environment – unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to an education program or activity; or

• Sexual Assault (as defined by Clery Act), or Domestic Violence, Dating Violence, and Stalking (as defined by VAWA).

• Against a person in the United States.

Education program or activity includes locations, events or circumstances over which the school exercises substantial control over both the respondent (the person alleged to be the perpetrator of prohibited conduct) and the context in which the sexual harassment occurs.

THE GRIEVANCE PROCESS

Information on the Title IX Grievance Process is located at: www.mcphs.edu/TitleIX

Reporting options

In an emergency, call 911 and then contact the University Office of Public Safety. Public Safety will notify the Title IX Coordinator.

In a non-emergency situation, contact the University Office of Public Safety, which can provide assistance, if you request it, in notifying the appropriate law enforcement agency, e.g., police, District Attorney, etc. Public Safety will notify the Title IX Coordinator.

Anyone who has witnessed, knows about, or has experienced sexual misconduct, sexual harassment, or other sex discrimination is encouraged to seek help and report concerns—the sooner, the better. There are a number of ways to report concerns and to get needed information, assistance, and resources. Some of the resources are listed below.

Retaliation of any kind against individuals who report concerns or who participate in an investigation process is prohibited.
